OUR PREPARATION

What do you remember about the preparation for your First Holy Communion? Most people can't remember anything. We wanted to make this year of preparation memorable and pivotal for your child. Our focus is on preparing your child to encounter Jesus Christ in the Sacraments of Reconciliation and the Eucharist. We also want your child to begin to see the presence of God in their daily life so they can become a lifelong joy filled Catholic.

UNCERTAIN TIMES

We know these times are uncertain and people are worried. You want to protect your children and family. That's why we have decided to move our preparation online.

ONLINE SESSIONS

We will send you weekly content for you to cover at home with your child. You can choose when in the week to cover it.

THE MATERIAL

The material consists of videos and workbook materials. Some of our Catechists will also give input.

SCHEDULE

The programme forms two parts. Between September and Christmas there will be no in person meetings. In 2021, if it is safe to do so, we will begin our in person meetings. This means meeting together for Parent sessions and Children sessions. You will find a calendar with the dates of the meetings. The 2021 dates will be confirmed when it is possible to do so.

Your child will prepare for two Sacraments. Preparation will begin for their First Reconciliation and move into their First Holy Communion.

We are looking forward to joining you in this wonderful journey of faith.
